Note: The parts cut must be of the same size.

Name the shaded fraction (work will be prepared and pasted in pupils' books)

Making and shading halves

Making and shading quarters

Making and shading other fractions

 $\frac{1}{3}$

a third

 $= \frac{1}{3}$ a third $= \frac{3}{6}$  $= \frac{2}{4}$

Addition of fractions

$$\frac{2}{5} + \frac{1}{5} = \frac{3}{5} \quad \text{Note: Add numbers on top only and choose 5 one number from those down.}$$

$$\frac{4}{8} + \frac{2}{8} = \frac{4+2}{8} = \frac{6}{8}$$

More work will be given to pupils following the above examples

Subtraction of fractions

$$\frac{3}{4} - \frac{2}{4} = \frac{3-2}{4} = \frac{1}{4} \quad \text{note: Subtract numbers up, then choose one number from down}$$

$$\frac{7}{8} - \frac{5}{8} = \underline{\quad\quad\quad} \quad \frac{4}{10} - \frac{2}{10} =$$

$$\frac{2}{3} - \frac{1}{3} = \quad \frac{5}{7} - \frac{1}{7} =$$

Teacher will give more work following the above examples

TIME

Telling time on a clock face

A clock face has 2 or more hands on it

A short hand is the hour hand

A long hand is the minute hand

They both move around the clock but one moves faster than the other

When the long hand move and point straight in 12, the time will be that number the short one is pointing to.

Example

It is 4 o'clock

TOPIC: **MONEY**

Money :This is what we use to buy what we want.

Discuss the use of money

History of money

Long ago, people used to exchange goods for goods and services for services (barter trade). Later, they introduced cowrie shells.

When the Indians came, they introduced rupees. The rupees also got expired and now we have the present currency called shillings.

Currency used by different countries

Uganda	–	shillings
Kenya	–	shillings
England	–	pounds
America	-	Dollars
Rwanda	-	Farang
Nigeria	-	Naira

There are two forms of money used in Uganda

These are

1. Coins
2. Notes (paper money)

Coins

50shillings coin

100 shillings coin

200 shillings coin

500 shillings coin

1000 shillings coin

Notes:

1000 shillings note

2000 shillings note

5000 shillings note

10,000 shillings note

20,000 shillings note

50,000 shillings note

Features on money
